Sanford J. Prince IV

Assistant Superintendent

Donn S. Davis

June 9, 2010

Dear RSU # 14 School Community:

It is with great enthusiasm that I share with you our new Strategic Plan for the Windham Raymond School District (RSU # 14). The attached Strategic Plan culminates our efforts over the past nine months to describe what the future of our District will look like. Our overriding mission will be to lead the District “to ensure success for all” learners. I have complete confidence that with the support of our school community we can rise to this mission and we are eager to get started.

The Strategic Plan serves to focus our District’s Mission, sharpen our effectiveness, and to ensure we deliver high quality instruction for every student in every classroom. Our result will be students performing at high levels and being well prepared to have successful lives.

As you will see, this Plan identifies the goals and objectives by which we continually assess our performance. I believe this Plan will support our efforts to stay aligned by focusing on priorities and strengthening the components to function as one school unit.

We view this Plan as a living, lively document that will be revised as needed to guide us into the future. I pledge that this will not be a document that is mixed in with catalogues on a shelf collecting dust. We welcome all employees and the wider school community to join forces as we seek to harmonize our efforts in working diligently to accomplish our Mission each and every day. I am confident we will meet or exceed the goals as outlined in the Plan.

In closing, I want to express my deep respect for the complexity of the work that went into this Plan and to thank all stakeholders who contributed to the process. Their solid dedication and unfailing commitment to this Plan once again shows how vital our learning community is. If I can be of service, please to not hesitate to call.

Sincerely,

Sandy Prince

Sanford J. Prince IV
